AMPLIFY YOUR COLLABORATION WITH THE CLARITY 340 UC HANDSET

Clarity 340 by Plantronics is the only UC handset designed to meet the collaboration needs of an aging workforce. It features amplified sound for better performance in noisy environments, large dial buttons, and an easy-to-read, high-contrast LCD screen to ease the transition to UC from traditional desk phones. When every message needs to be loud and clear, Clarity 340 UC answers the call.

DESIGNED FOR EASE OF USE

- Convenient call dialing, answer/end, mute and volume control
- Built-in, full-duplex speakerphone for high quality audio with hands-free convenience
- Easy-to-read high contrast color display screen with adjustable font size
- Enlarged 12-key dial pad

OUTSTANDING AUDIO AND AMPLIFICATION FOR HEARING LOSS

- Digital Signal Processing enables enhanced audio for clearer conference calls, improving meeting productivity by reducing echo and drop-outs
- Wideband audio for high quality PC telephony
- 4 tone settings to accommodate specific hearing loss patterns
- Amplification option to 30dB of wideband audio and noise cancellation for the best PC audio experience
- Hearing aid compatible (HAC); includes connector port for neckloop-style telecoil coupler
