BL-055+P and BL-055-DT

Universal USB-A bottom lead that converts your QD headset into a softphone headset

Patented design USB bottom lead that allows the user to have a universal controller as a wearable pendent or as a desk base - A one-for-all solution for all softphones

The JPL **BL-055+P** bottom lead converts any headset with a PLX compatible QD into a cost effective plug and play solution, with its state of the art USB chipset, we have created a versatile connectivity cable with both USB-A and USB-C options.

The BL-055+P is totally universal now and in the future for all softphones.

No software downloads needed - Simply use your PC's mouse to answer or end a call.

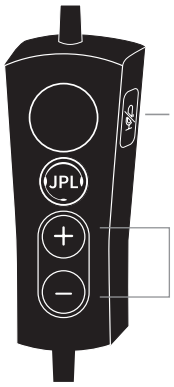
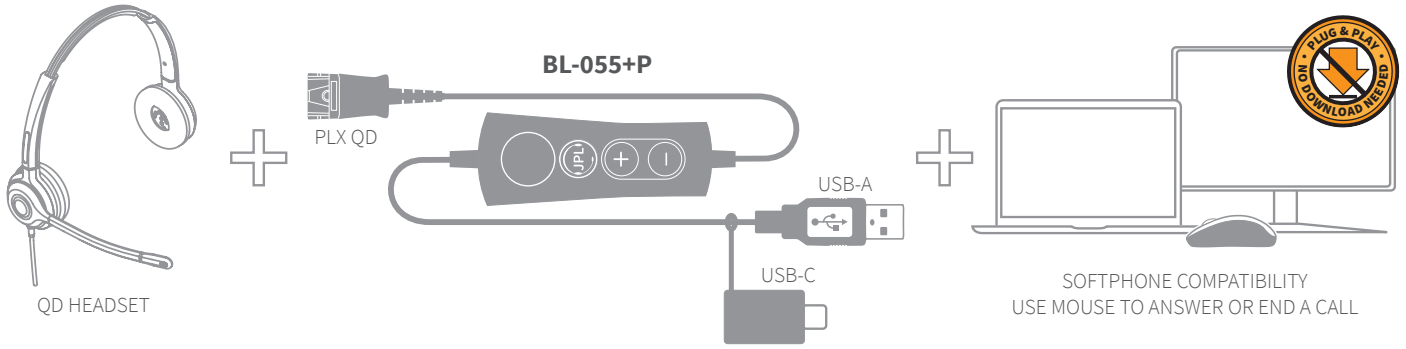
SKU:	575-379-001





The JPL Telecom **BL-055-DT** is a weighted desk base dock for the BL-055+P for users who prefer to have their headset controls firmly sat on their desk. The BL-055+P magnetically docks into the cradle to create a functional desk base headset control. The BL-055-DT has a softphone button which is optimised to automatically launch Microsoft Teams out of the box. If you need an alternative softphone, a download is available from the JPL Gateway.
