Poly Savi 7410 Office Monaural Microsoft Teams Certified DECT 1920-1930 MHz Headset

Built for the modern office

Designed for the modern office with enhanced density performance, multi-device connectivity and advanced security features. You can deploy this headset across the company so everyone will benefit from increased productivity and wireless freedom.

Keep conversations private Your conversations are private with DECT™ Security Step C, FIPS 140-2 military-grade features, and 256-bit AES encryption. You can be sure your conversations are clear thanks to a noise-canceling microphone boom with acoustic fence technology.	**Wireless freedom** With 2x better density than other DECT™ headsets, more people in shared spaces benefit from wireless headsets with clear, interference-free audio. And with a roaming range of up to 590 ft/180 m everyone can benefit from increased productivity.	**Increased productivity** With 3-way connectivity, a universal base, and easy set-up and pairing, the Savi 7400 office series is the perfect solution for the modern office. You can even conference four headsets together with the base for increased productivity.

3-way connectivity
Manage all your calls with a compatible single base that offers 3-way connectivity – computer, desk phone and mobile.

Crystal-clear calls
Keep your conversations clear with a noise-canceling boom with Acoustic Fence technology to reduce background noise.

Privacy is ensured
Designed to meet the highest-level DECT™ Security Step C enhanced with military-grade FIPS 140-2 listed features, such as 256-bit AES encryption.[1]

Remote management
Stay in control with remote device management for settings, firmware, and security updates.
