- USB 2.0 / PLX QD

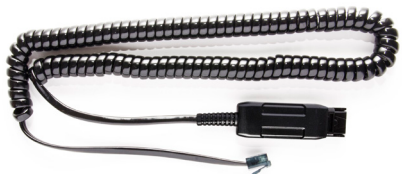
## BL-06+P OR GN
- 2.5mm Jack / PLX QD

## BL-07+P OR GN
- 3.5mm Jack / PLX QD

## BL-07+P-A
- 3.5mm Jack / PLX QD

## BL-08+P OR GN
- HIC Equivalent / PLX QD



## BL-09+P OR GN
- HIS Equivalent / PLX QD

## BL-10+P OR GN
- (Geni) / PLX QD

## BL-12+P OR GN
- A10-11 Lead / PLX QD

# Training Bottom Leads

***Are you looking for a Training Adapter for your JPL Headset ?***

The Y-Training Leads with Microphone Mute Switch and QD connection enables you to plug two headsets into one desk phone, allowing a second user to monitor and participate in calls. It is an essential training aid that will enhance call-handling effectiveness.

- Allows two headsets to be connected to a single desk phone so a superviser can monitor calls
- Both headsets can listen, but only one microphone will be muted
- Switch controls which microphone is muted
- Ideal for training sales and call centre staff

## BL-11+P OR GN

- (Y) Training Lead

## BL-11-USB+P OR GN

- (Y) Training Lead to USB

# EHS Cords

**EHS (*Electronic Hook Switch) Cord - For DECT HEADSET ONLY**

- Electronically connects your DECT headset base to your telephone
- Enables remote operation, answer/end calls, for wireless headset use with various phones, thus eliminating the need for a mechanical handset lifter.
